

WEST COAST AREA TRAINING

CANCELLATION POLICY

All GGC training modules or sessions facilitated by West Coast Area Trainers are FREE for members of West Coast Area who attend.

Participants who have registered but are unable to attend are requested to give at least 24 hours' notice of their cancellation of attendance. If this notice is not given and a participant does not attend, her District will be charged a training fee of \$10 FOR EACH SESSION MISSED, and the District may seek to recover that fee from the participant.

Some sessions which comprise multiple modules (for example all-day OAL Residential, or weekend-long OAL Tenting) may have a higher training fee, to reflect the number of modules and extended period of time and preparation involved. Please read all registration materials closely.

This policy does not apply to external trainings, such as first aid, where an outside organization provides the training. Those trainings will have their own individual payment and cancellation procedures.
